1. with Fabio Rossi. *V-monoidalità, V-aggiunzioni e funtori monoidali.*

2. with Fabio Rossi. *V-monoidalità, V-aggiunzioni e funtori monoidali II.*

4. with Fabio Rossi. *Monoidal closed structures for topological spaces: counter-example to a question of Booth and Tillotson.*

5. *Closed structures on the category of topological spaces determined by systems of filters.*

6. with Anita Taverna. *Completamenti cartesiani chiusi di categorie.*

7. with Fabio Rossi. *Some remarks on categories with constant maps and monoidal closedness.*

8. *On the category of topological topologies.*

9. with Fabio Rossi. *A remark on monoidal closed structures on Top.*

10. with Sergio Solimini. *On a "good" dense class of topological spaces.*
11. with Francis Borceux. *De Morgan's and strong de Morgan's laws in a topos of sheaves.*

12. with Francis Borceux. *On locally presentable categories and quasi-topoi.*
   "Report n.88-18 York University"

13. Localizations and Topologies.
   "Report n.88-19 York University"

   Algebra Universalis, 26 (1989), 166-177.

15 with Francis Borceux. *On primeness and maximality of filters.*

17. with Francis Borceux, Fabio Rossi. *Boolean algebras in localic topos.*

18. with Francis Borceux. *A remark on categories of separated objects.*

19. with Jacob J.Vermeulen. *A remark on the "local character" condition.*

20. with Walter Tholen. *Localizations of locally presentable categories and exact topologies.*
   J. Pure Appl.Algebra 64 (1990), 293-301.

22. with A.Carboni and J. Lambek. *Diagram chasing in Mal'cev categories.*

23. with Gregory M. Kelly. *On the join of equivalence relations in regular categories.*
24. On $n$-permutable equivalence relations in regular categories.

25. with A.Carboni and N.Pirovano. Internal graphs and internal groupoids in Mal'cev categories.

27. Localic Mal'cev algebras.

29. with F.Borceux. A remark on locally presentable categories.

31. Mal'tsev categories and Mal'tsev operations.

32. A categorical approach to commutator theory.
    J. of Algebra, 177 (1995), 647-657

33. with M.Barr. Top -op- is a quasi-variety.

34. On $k$-permutability for categories of $T$-algebras.

35. with M.Barr. Topological spaces and quasi-varieties.
36. *Arithmetical categories and commutator theory.*

37. with G.Janelidze *Internal categories and groupoids in congruence modular varieties.*
   J. of Algebra, 193 – (1997), 552-570

38. with J.Adamek. *A remark on topological grids, and topological systems.*
   Cahiers de top.et géom. differentielle XXXVIII - 3 (1997), 217-226

39. *Some remarks on internal pregroupoids in varieties.*
   Communications in Algebra, 26 (6), (1998),1737-1744

40. with F.Borceux. *Left exact presheaves on a small topos.*

41. with R.Wood. *Groupoidal completely distributive lattices.*
   J. Pure Appl. Algebra, 143 (1999), 339-350

42. *Algebraic Theories*
   Coimbra - School on Category Theory and Applications: Textos de matematica serie B-n.21, 1999

43. with A.Carboni. *A new proof of Mal’cev Theorem.*
   Supplemento ai Rendiconti Circolo Mat. Palermo, serie II - n. 64 - 2000

44. with R.Wood. *A simple characterization of theories of varieties.*

45. with J.Rosicky. *Comparing coequalizer and exact completions.*
   Theory and Applications of Categories, Vol. 6, n. 6, (2000), 77 - 82

46. with J.Rosicky. *Localizations of varieties and quasivarieties.*

47. with E.Vitale. *On the abstract characterization of quasi-varieties*
   Algebra Universalis, 43 (2000), 269-278

   Theory and Applications of Categories, 8,(2001), 408-456
49. with R. Wood. *A note on effective projectives.*
J. Pure Appl. Algebra, 158/1, (2001), 83-87

50. with A. Carboni and J. Rosicky. *Syntactic characterizations of various classes of locally presentable categories.*

51. with M. Gran. *n-permutable locally finitely presentable categories.*

52. with G. Dimov – G. Tironi. *Frames and grids*
Applied Categorical Structures, 1 Vol. 12, (2004), 181-196

53. with F. Rovatti, *Algebraic Categories*
Categorical Foundations – Cambridge University Press 2004

54. with M. Gran, *Mal’cev categories*
preprint 2003

Editor (with W. Tholen) of *Categorical Foundations: special Topics in Order, Topology, Algebra, and Sheaf Theory*

She is author of many articles and texts on international mobility and mobility academia-enterprise, such as: *International mobility of university students. Policy evaluation and innovative experiences.*
Editors Giuseppe De Rita, Anna Laura Trombetti Budriesi, Il Mulino, 2006
